Registration Form

Information

As a church family we will be serving at various nursing homes around Pensacola, joining together to serve the elderly. If you have a specific nursing home you would like to serve at, please list that in the table below. We will do our best to accommodate your request if the nursing home has projects available for us to work at. If you don't have a specific request of location, you will be grouped together with others to serve at a nursing home that has requested help. A variety of projects, including indoor and outdoor activities will be available, making the Great Day of Service a great project for the entire family.
